

In preparation for your leadership term, Rotary provides a number of resources in the Learning Center. These are not just for you as incoming president, but also for your leadership team, including your secretary, treasurer and Avenue of Service chairs, as well as specific standing committee chairs like Membership and Public Image. Each of your team members should take the various courses offered, as they relate to their specific roles.

For you and for them, log in to *MyRotary*, then select the Learning Center link under the Knowledge & Resources tab. If you or they have not yet established a *MyRotary* account, [CLICK HERE](#).

Once there, select the Club Leadership section from the Course Catalog and enroll in the desired course/s.

Of obvious importance to your leadership team, the courses listed by the following titles should be taken by you and the specified club officers:

- **Club President Basics**
- **Club President Intermediate**
- **Club Secretary Basics**
- **Club Treasurer Basics**

**NOTE:** This material will ***not*** be part of your PETS curriculum.

If you've already identified your successor, they should get started on some of these courses too.

Our PETS Education Team will be recommending additional pre-PETS courses from the learning center that do relate to the curriculum once they are finalized.
